

Algebra 2 Regular Math Flow

Notes: No student should be going to Pre-Calculus Honors unless highly recommended by the teacher

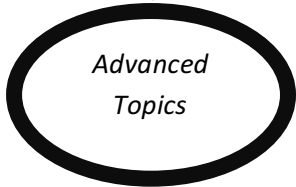

Student:

- passes Algebra 2 with an A or high B
- passes tests with B or higher
- attendance is 90% or higher
- completes 90% of assignments on time
- does not copy assignments
- is diligent about checking for correct answers and not copying correct answers
- can solve critical thinking problems
- can read and complete word problems
- has a strong work ethic
- asks questions when struggling

Student:

- Passes Algebra 2 with an A or B
- completes assignments most of the time
- does not copy assignments
- knows basic forms of a line
- can factor
- can solve a quadratic equation
- has a basic understanding of logarithms
- attempts reading and completing word problems
- attempts with solving critical thinking problems

Student:

- failed Algebra 1 EOC (student will be placed by administration)
- fails Algebra 2 or passes Algebra 2 with a C or D
- does not complete assignments
- struggles with reading and completing word problems
- struggles with solving critical thinking problems
- struggles with basic forms of a line
- struggles with factoring
- cannot graph a line or plot a point
